

Job Description: Frontend Developer

Job Title: Frontend Developer

Location: Remote / Bangalore, India

Employment Type: Full-Time

About the Role:

We are looking for a passionate and creative Frontend Developer to join our growing team.

You'll be responsible for building and maintaining modern, responsive user interfaces for our web applications.

Key Responsibilities:

- Develop responsive web pages using React.js and Tailwind CSS.
- Collaborate with designers and backend developers to deliver seamless user experiences.
- Optimize applications for maximum speed and scalability.
- Write clean, maintainable, and well-documented code.
- Participate in code reviews and continuous improvement initiatives.

Required Skills:

- Strong proficiency in JavaScript, HTML5, and CSS3.
- Experience with React.js and modern frontend frameworks.
- Proficiency in Tailwind CSS or other utility-first CSS frameworks.
- Familiarity with RESTful APIs and version control (Git).
- Good problem-solving and debugging skills.

Preferred Qualifications:

- Bachelor's degree in Computer Science or related field.

- 1-3 years of professional experience in frontend development.
- Experience with responsive and mobile-first design.
- Familiarity with UI/UX design principles.

Perks and Benefits:

- Flexible work hours and remote work options.
- Learning and development opportunities.
- Health insurance and wellness programs.
- A fun and collaborative team environment.
